**CITY OF SURPRISE  
COUNCIL AGENDA ACTION FORM**

Background Info: T-Mobile has provided drawings, schematics and a proposed contract to place cell tower equipment at a specific location on the Surprise Recreation Campus. The equipment will be installed on a 65' mono-pole with antennas at the top. They will also build a small equipment shelter (approx. 14' wide, 22' long) to be located at the designated location. The shelter will be finished in a surface meant to blend with other structures or fences and to our specifications.

Location of cell tower equipment at this location will provide the citizens of Surprise better T-Mobile communication service levels and will be more aesthetically acceptable because they are being placed on light poles that will blend with the recreation campus. T-Mobile will provide for all construction costs and subsequent operating costs and will comply with all City requirements for zoning and building permits. Prior approval of the Director of Community and Recreation Services is required before engaging in any construction.

This cell site location will be the second pole surrounding the unlighted field located between Kansas City 1 field and Kansas City 7. The City shall have the right to install field lighting at the 40' level of the pole. The other cell site at the same location is the Alltel site previously approved.

**March 16, 2023:** A public hearing was held with the Planning & Zoning Commission for case FS22-1245, the subject case. The Planning & Zoning Commission recommended approval to the Mayor and Council subject to stipulations 'a' and 'b'.

**Analysis and Discussion:**

North Copper Canyon, which was originally approved in 2004 under the Austin Ranch PAD, is currently being developed by Courland Homes. The area and boundaries of this master planned community have historically had excluded parcels of land. Additionally, the North Copper Canyon (formerly Austin Ranch) PAD surround another PAD known as Burke on three (3) sides (see below). In 2020, Courtland Homes purchased the property that makes up the Burke PAD.

In an effort to improve the roadway circulation network and to create a more cohesive development, Courtland is requesting that the property of the Burke PAD be incorporated into the North Copper Canyon PAD. The Burke PAD would subsequently be repealed as it would no longer be needed.

The Burke PAD allows for low and medium density residential development. With the incorporation into North Copper Canyon, the applicant proposes to retain those land use designations with variations in total dwelling unit counts and lot sizes. The total medium density lots are proposed to decrease by approximately eight (8) lots. The total low density residential lots are proposed to increase by approximately 141 due to the intended change from 70' wide lots to 45' wide lots. The proposed changes upon inclusion allow these areas to better match the existing North Copper Canyon areas to the north and south. Once incorporated, these parcels will develop to the existing North Copper Canyon PAD development standards.

The applicant is also proposing changes to existing North Copper Canyon parcels to the north of the Burke property to couple the changes noted above. Parcels 6 and 7 of the existing North Copper Canyon PAD allow for 45'x110' lots, which will be changed to 45'x115' lots. Parcel sizes and boundaries for both the Burke property and the affected North Copper Canyon properties are being updated for clarity and to be in line with the roadway circulation and open space changes.

### ***Roadway Circulation***

The Burke PAD was planned with two intersections on Norwich Drive within 150 feet of Grand Avenue. With the inclusion of this property into the North Copper Canyon PAD, the roadway circulation can be incorporated into the overall development's circulation pattern for a more cohesive and safe network. The applicant is proposing to shift access to Norwich Drive to the west at 176<sup>th</sup> Avenue to remove a potential five (5) way intersection, reduce the amount of intersections at Norwich Drive, and to provide for appropriate spacing from Grand Avenue. Additionally, the internal collector network will be updated to accommodate the inclusion of the Burke property and align with current Traffic Impact Analyses and existing roadways.

### ***Open Space & Amenities***

The combined open space requirement for the existing North Copper Canyon and Burke PADs is 126.8 acres. The combination of these two PADs, along with the updates in land use parcels and roadway circulation, allows for the open space areas to be updated as well. The proposal includes an increase in open space area of 5%, resulting in a total of 133.1 acres. These areas will include a parks, drainage corridors, and bicycle and pedestrian trails and sidewalks.

The drainage corridor is being realigned with the subject amendment and is planned as a greenbelt linear park open space. Along this corridor, three (3) parks are proposed with direct access to the linear park. One of these, East Park, has already been planned and platted in an area south of the subject amendment area. The two additional parks, Pinnacle Park and Village Park, are planned to include various amenities such as pools, sports courts, dog parks, picnic facilities, playgrounds, trail connections, courtyards and other pedestrian amenities.

### **Utility and Services Table:**

|                 |                                |
|-----------------|--------------------------------|
| Electric:       | APS                            |
| Water:          | Beardsley                      |
| Wastewater:     | City of Surprise               |
| School District | Dysart Unified School District |

### **Conformance with Adopted Plans:**

**Surprise General Plan 2035:** The Surprise General Plan 2035 shows the subject property as lying within the Neighborhood Character Area, which supports residential development of up to 8 DU/Ac or more, provided appropriate transitions are made between the various Neighborhood types included within the character area. The subject PAD amendment proposes to incorporate an entitled residential area, amend its land uses to similar and appropriate designations, and reconfigure the traffic circulation and open space networks to be more cohesive. The proposal has been found to advance the following goals and policies of the General Plan:

- Roadway Systems Element; Goal 1 – Integrated Decisions; Policy #12: Strive to improve traffic flow by completing missing and incomplete links in the arterial network in Surprise.

The General Plan also states that in the Suburban Neighborhoods sub-area, new subdivisions should be connected to existing adjacent developments, or provide stub streets to future development areas, to allow for strong internal pedestrian, bicycle, and automobile connectivity. As such, the proposed Major PAD Amendment demonstrates consistency with this land use category and advances the goals and policies of the General Plan.

#### **Reviewing Agencies:**

In addition to the standard city reviewing agencies, Maricopa Water District, Arizona Department of Transportation (ADOT), Maricopa County Department of Transportation (MCDOT), and Luke AFB were included in the routing of this request. These agencies indicated no objections to the request.

#### **Citizen Outreach:**

The applicant held a neighborhood outreach meeting on January 9, 2023 at 6pm at the Asante Preparatory Academy, and a virtual neighborhood outreach meeting on January 19, 2023 at 6pm. The meetings were posted and noticed per the requirements of the LDO and State Statute. Four (4) people attended the in-person meeting and two (2) people attended the virtual. Questions/concerns fielded were predominately about area traffic, roads, and signals. See the attached Citizen Participation Report for a detailed summary.

#### **Summary:**

The proposal will incorporate the property currently within the Burke PAD into the North Copper Canyon (formerly Austin Ranch) PAD, repeal the Burke PAD, modify the land use map, and update the roadway circulation network.

#### **Findings:**

- The proposed Major PAD Amendment is consistent with, and will advance the goals and policies of, the Surprise General Plan 2035.

## **Background**

Courtland Homes, Inc. (“Courtland”) is the developer of the old Austin Ranch Planned Area Development (“PAD”), now marketed and renamed North Copper Canyon. The North Copper Canyon project is located in Northwest Surprise (“City”), generally north and west of the intersection of Grand Avenue and West Deer Valley Road. North Copper Canyon is implementing the Austin Ranch PAD approvals, including the recently added parcels that were incorporated into the master plan in February 2020. A list of the previously approved amendments to the Austin Ranch PADs are shown in Appendix 1.

## **Request**

Courtland has purchased additional property adjacent to the North Copper Canyon PAD and would like to request it be incorporated into the overall North Copper Canyon development plan. The intent of adding this land to the North Copper Canyon PAD will allow the traffic and circulation issues to be addressed and memorized within this amendment (the “Amendment”). The Amendment also will modify the internal road network within North Copper Canyon along Citrus Road and Pinnacle Peak Road to be consistent with prior final plat approvals. Courtland and its consultant team have had meetings with City staff and reached an agreement to resolve a potential traffic issue near Norwich Drive and Grand Avenue.

A single map that summarizes this PAD amendment can be found within **Exhibit B2**. If approved, this request would:

- Modify the land uses per Exhibit B2 and follow the allowed development standards within the North Copper Canyon PAD
- Update the roadway circulation network as shown in Exhibit B2
- Update the total open space area requirements
- Allow for (at developer’s discretion) to pursue detention (pre-development versus post-development) drainage analysis

## **Amenity Upgrades**

In December of 2020, Courtland purchased the Additional Property, the location of which is bounded by Citrus Road on the west, Pinnacle Peak Road on the south, Grand Avenue to the east and approximately ¼ mile south of Norwich Drive on the north (“Additional Purchase”). The Additional Purchase has a total area of approximately 148 gross acres. The Additional Purchase is currently zoned as PAD05-175 (Ordinance 05-50) under the name of ‘Burke Property.’ The intent of this Amendment is to replace the entitlements of the Additional Purchase with the entitlements of the overall North Copper Canyon PAD.

The amenity upgrades we are proposing are shown in **Exhibit B2**. These upgrades include a substantial increase in the number of amenities, or newly added amenities, that were not required with the previous entitlements (pools, for example). It also includes an approximate 45-acre greenbelt linear park open space. Along this corridor three (3) parks are proposed with direct access to the linear park. The three parks are planned to include the following:

- East Park – This is the park that was approved within FS19-721 (North Copper Canyon Village Phase I) and was approved with final plat application FS22-0106 (North Copper Canyon Village Parcel 1.3)
- Pinnacle Park – This park includes pickleball courts and dog park uses and is located near the Pinnacle Peak Road alignment.
- Village Park – This park is planned to be the “flagship” park for the medium density portion of the master planned community. This park is located near the middle of the Additional Purchase property. Village Park within the Burke PAD was not previously required.

A more detailed list of the planned amenities may include:

- Pool Complex
  - Toddler Pool with beach entry
  - Adult Pool
  - Restroom Building
- Lighted Exercise Loop
- Game Zone
  - Pickleball Courts (w/ tennis court also striped)
  - Basketball Court (glass backboards and professionally coated)
  - Horseshoe Pits
  - Bag Toss Artificial Turf Area (multiple courts)
- Kid Zone
  - 45' x 60' Steel Shade Ramada
  - 2-5 year-old playground
  - 5-12 year-old playground
  - Swing Set
  - Picnic Table Pavilion
- Dog Park
  - Gated
  - 2 Turf Play Areas
- Two (2) Picnic Groves
  - One adult area picnic grove
  - One Toddler area picnic grove
- Entry Courtyard
  - Tree-lined gathering area
  - Bike racks
  - Oversized checkerboard
  - Seating nodes
  - Checkerboard tables

A linear open space corridor is proposed to connect the enhanced amenities described above. This is expected to consist of approximately 45 gross acres of land with a minimum corridor width of 75' and an average width of 100' to be maintained by the homeowner's association.

The amenity zoning requirement table as compared to the proposed amenities in this Amendment is shown in Table A.

In the zoning requirements for each existing PAD within the City, a pocket park must include a playground, ramada and turf. 8 of the 12 pocket parks (67%) exceed these amenity requirements as they have additional amenities above and beyond the requirements of the City's zoning. Some of these additional amenities include:

- Pools
- Professionally coated full length basketball courts with adjustable glass/acrylic backboards
- Full length soccer field with ramada team benches
- Bocce Courts
- Fenced-in little league field with warning track and infield
- Pickleball Courts (some striped for tennis also)
- Splashpad

### **Land Use Changes**

The Additional Purchase total number of medium density lots is proposed to decrease as compared to what is allowed by the current zoning. The decrease in total medium density lots is reflected in the following Parcels: Parcel 8, Parcels B/C and Parcels E, F, G & H. This is also shown on the land use map within ***Exhibit B2***. Therefore, the total zoned medium density lots in this Amendment is proposed to decrease by approximately 8 lots.

The larger low density residential dwelling units are proposed to increase by approximately 141 total lots. This is largely because the change in lot size for Parcel A and increased efficiencies in land usage from adding the Additional Property into North Copper Canyon. Parcel A is proposing to

change the current zoning from 70' wide lots to 45' wide lots which is within the same low density residential dwelling unit category previously approved. The proposed change in lot size proposes that Parcel A be zoned consistent with the adjacent property north of Parcel A within North Copper Canyon (see ***Exhibit B2***).

### **Amendment – Open Space**

The PAD zoning open space requirement for the land shown within the current North Copper Canyon and Burke PAD zoning is 126.8 acres. This Amendment proposes a total of 133.1 acres for the same area. This is an increase of 5% from what was approved in the 2020 North Copper Canyon PAD Amendment and approved Burke PAD. The open space component includes the public park, linear park/drainage corridors, HOA maintained parks, school sites, pedestrian bike/trail areas and tracts within final plats.

### **Amendment – Update to Circulation and Traffic**

This Amendment intends to resolve currently planned intersection spacing issues at Norwich Drive and Grand Avenue. Courtland is seeking a modification to the eastern circulation section of the Additional Purchase. The Additional Purchase (per current zoning) has a circulation pattern that contributes additional traffic to Norwich Drive within 150 feet of Grand Avenue intersection at two (2) roadway points:

- 175th Avenue and Norwich Drive and
- Grand Avenue Frontage Road and Norwich Drive

The currently planned intersection spacing, if implemented, would create an unsafe roadway section as to intersection spacing and roadway design near the Grand Avenue and Norwich intersection.

This PAD Amendment proposes a significant improvement, by placing roadway intersections further away from Grand Avenue by taking all of the trips from lots within the PADs (that previously would have used 175th Avenue or the frontage road) west to 176th Avenue. By moving this intersection approximately 300' to the west (and not extending frontage road), the roadway, traffic circulation and location of minor intersections west of Grand Avenue removes a five (5) way intersection located within 150 feet of Grand Avenue. These discussions have been vetted with the Applicant and City staff since the acquisition of the Additional Purchase.

### **Amendment – Additional Circulation Improvements**

The Amendment intends to adjust internal roadway improvements to adapt to the Additional Purchase and already approved platting of adjacent property.

The current North Copper Canyon PAD does not have a requirement to build a collector road ¼ mile south of Norwich Drive (running east-west). This is in conflict with the Additional Purchase existing zoning, which showed a half street collector street along this alignment. Consistent with the North Copper Canyon PAD and the traffic impact analysis, no collector street is proposed or necessary.

Similarly, north of Pinnacle Peak Road, the Additional Purchase zoning shows a collector street intersection approximately 200 feet west of an existing local street/collector street intersection at 175th Lane and Pinnacle Peak Road. No collector street is required per the traffic impact analysis, thus no need for a collector street to be built within the Additional Purchase property.

**Exhibit B2** shows the proposed internal collector streets proposed as part of this PAD Amendment. Some internal collector streets within North Copper Canyon have already been partially dedicated and constructed and shall be extended consistent with what has already been completed to ensure consistency.

Circulation system changes are addressed and approved through the traffic impact analysis supporting this PAD A.

### **Detention**

The current City of Surprise Planning and Engineering Design Standards allow for use of detention versus retention. Detention is the process where engineering analysis shows that the post-development storm water flows leaving the property do not exceed the pre-development flows.

In order to implement this allowed drainage strategy, staff has requested that it be included in a PAD Amendment. Therefore, at developer's election, we ask that the City support a detention drainage concept (as compared to retention) for stormwater storage provided developer prepares a drainage report showing that post development stormwater flows will not increase for the 10-year and 100-year storm event from the pre-development condition. The report shall be reviewed and approved by the City of Surprise prior to developer being allowed to utilize detention. Developer can utilize stormwater storage elsewhere in the North Copper Canyon PAD as part of its detention analysis. Provided drainage report mentioned above is approved, detention would be allowed within Parcels 6/7/A, 8, B-H, 15, 16 and 29.

### **Summary**

This Amendment continues Courtland's track record of providing great parks, trails and other open space amenities. The increased quantity and quality of amenities being proposed by this Amendment demonstrates Courtland's commitment to providing a highly rated master planned community for existing and future residents of North Copper Canyon and the City of Surprise. This coordinated planning and circulation effort will benefit the existing and future residents, while combining what could have been competing and confusing growth in this area of the City.

Switching the collector requirement from 175th Ave. to 176th Ave. at Norwich Drive will alleviate contributing additional traffic from future development too close to the intersection of Norwich Drive and Grand Avenue (US 60). In addition, the internal circulation network has been updated to be consistent with prior approvals.

We respectfully request staff's concurrence with this PAD Amendment so it can be approved and incorporated into the zoning of the subject properties. Thank you and we look forward to working with the City on the Amendment's approval.

Notes:

- Approximately 133.1 acres of open space will be provided within non-commercial/industrial parcels of the project. Open space includes recreational activity areas, pocket parks, retention and/or detention basins, drainage corridors, schools and landscape tracts. The 118.2 acres of open space (including but not limited to Parcel 27, schools and tracts within final plats) combined with the 9.9-acre (Parcel 1) and 5 acre (Parcel 31) area equals approximately 133.1 acres of open space.
- R-2 Product – Due to the highly specialized product design for the proposed medium density residential, once the product is approved for the initial final plat, the remainder of the product shall be allowed within the PAD.

Nichole,

Thank you for allowing Luke AFB to make comments on the North Copper Canyon PAD Amendment 1 application.

As described in the application, this request will not have a negative impact on Luke AFB Flight Operations. Since the site will be located inside the "territory in the vicinity of a military airport," it will be subjected to approximately 165 over flights per day. A strong notification program on the part of the applicant is essential to inform occupants about Luke AFB operations.

Respectfully,

Mark James

**North Copper Canyon  
First PAD Amendment  
Citizen Participation Plan  
January 11, 2023**

Background

The City of Surprise (City) requires a citizen participation process and report for applications such as this PAD amendment. The purpose of the citizen review process is to:

Ensure that applicants pursue early and effective citizen participation in conjunction with their applications, giving them the opportunity to understand and try to mitigate any real or perceived impacts their application may have on the community;

Ensure that the citizens and property owners of the city have an adequate opportunity to learn about applications that may affect them and to work with applicants to resolve concerns at an early stage of the process; and

Facilitate ongoing communication between the applicant, interested citizens and property owners, city staff, and elected officials throughout the application review process.

The citizen review process is not intended to produce complete consensus on all applications, but to encourage applicants to be good neighbors and to allow for informed decision-making.

**North Copper Canyon – First PAD Amendment Citizen Participation Plan & Report**

As part of the PAD amendment process, adjacent property owners and stakeholders in the area were informed of our proposed PAD amendment application and the proposed open houses (in-person and virtual). We met the City's notification requirements, which are:

- Notice of the citizen review meeting shall be provided by the planning and zoning division in the form of a public notice to the following, when applicable:

- o The notice shall be published at least once in a newspaper of general circulation published or circulated in the municipality at least 15 days prior to the meeting date. **City Initiated.**
- o For applications involving rezoning of land which abuts other municipalities or unincorporated areas of the county or a combination thereof, copies of the notice shall be transmitted to the planning agency of such governmental unit butting such land. **City initiated.**
- o For applications involving rezoning, subdividing, planned unit developments, site plans with uses permitted on a conditional basis, and legislative matters, all real property owners within a 200-foot or 300-foot radius, the city shall send copies of the notice by first class mail, no less than seven days prior to the hearing. **City initiated.**
- o Any village committee or special community group that is located in the area of the proposed public hearing request or has considerable interest in the nature of the application; **City initiated.**
- o The head of any homeowners association or registered neighborhood within the public notice area established in item (3) indicated above. **City initiated.**
- o Site Posting. The applicant posted the site on December 22, 2022, for the January 9, 2023, in-person open house and January 10, 2023, virtual open house. **Maps of where the signs were posted and Affidavits attached.**

**Participation report.**

After the notices were sent and signs were posted, we did not field any telephone calls or emails of concern regarding the amendment to the North Copper Canyon PAD. We attended the open house meeting at the Asante school, 23251 N 166th Dr, Surprise, AZ 85387, on January 9, 2023 that started at 6:00 p.m. At the open house, there were approximately four (4) attendees to the open house. Three were residents of the North Copper Canyon community and one (1) adjacent county resident seeking information on the PAD amendment. The attendees were informed of the proposed amendment and mainly voiced their concerns with traffic and roadway improvements.

In addition, three (3) members of City staff were present at the open house.

At the virtual meeting on January 10<sup>th</sup> at 6:00 p.m., there were two (2) attendees with questions on roads, traffic and when the signals on Grand Ave. and Deer Valley Rd. will be installed.

***There were no specific requests from any of the attendees at either the in-person or virtual open houses to modify our current PAD amendment proposal.***

We have been working cooperatively with City staff on planning and transportation matters since the open house and are ready for public hearings on the proposed PADA Amendment. If we are contacted by any neighbors or stakeholders after we have submitted this citizen participation report to the City, we will provide updates to the City staff with an amended report.

### **Agenda Wording:**

Consideration and action pertaining to an update on Sober Living Homes, including approval of an amendment to the Surprise Municipal Code establishing short-term rental regulations; Ordinance #2023-13.

---

### **Motion:**

I move to approve Ordinance #2023-13.

---

### **Background:**

City of Surprise Public Safety and Code Enforcement have seen a recent increase in the number of complaints and calls for service related to unlicensed Sober Living Homes, their tenants, and the detrimental impact these unlicensed businesses are having on residents and neighborhoods. Per state statute, Sober Living Homes are required to have a license issued by the Arizona Department of Health Services, and to comply with all City Codes, which would include meeting current zoning distance requirements and obtaining a City Business License. While the City supports the operation of properly licensed and lawful businesses, the Sober Living Homes being encountered are unlicensed by both the State and City and operating in an unsafe manner, and having a detrimental impact to the surrounding community. Staff presented to City Council on April 4, 2023 providing an update on staff's approach to understanding why this complex problem is surfacing, how staff have partnered to learn about this dynamic problem on a local, state, and federal level, and to request support from Council to move forward and explore/ initiate a cohesive and comprehensive action plan to respond to the operation of unlicensed Sober Living Homes. At the April 4th meeting, Council adopted the *Statement on Unlawful Sober Living Homes* as City Council's position and direction to City staff to pursue and bring back solutions to this complex problem. This presentation will provide City Council an overview of the proposed fee and code changes that staff recommends making to respond to the operation of unlicensed Sober Living Homes.

---

### **Objective Analysis:**

Staff will present City Council with comprehensive solutions aimed at reducing the operation of unlicensed Sober Living Homes and their detrimental impact on the Surprise community.

Ordinance #2023-13 amends the Surprise Municipal Code by establishing regulations on short-term and vacation home rentals. Short-term and vacation home rental regulation implicates Sober Living Homes because Arizona State Statute provides that a City may, by ordinance, prohibit short-term and vacation home rentals from being used or operated as sober living homes, among other uses. Therefore, regulation of short-term and vacation home rentals is an important component of controlling the proliferation of unlawful sober living homes within the City of Surprise.

---

**Policy Compliant:**

This item is compliant with the policy and direction City Council approved pertaining to unlawful Sober Living Homes at the April 4, 2023, Regular City Council Meeting.

---

**Financial Impact:**

The financial impact may include current and ongoing costs associated with the licensing of retailers as well as costs incurred by the Police Department, Fire Department, Code Enforcement, City Court, and City Attorneys Office relative to the enforcement of the ordinance prohibitions. Any revenue generated from the adoption of new fees related to this item will be used to offset associated operating costs.

---

**Budget Impact:**

None at this time; however, there will be budgetary impact of this item which will come at a later date to include the cost of additional personnel, equipment and technology to support the proposed code changes and processes.

**FTE Impact:**

It is anticipated there will be a need for full-time equivalent positions to support the adoption of a short-term rental code and changes to the existing group home codes and city business license processes. This request will come at a later date.
